Date Close:

Category: Special Education

Employment Type: Full Time Start Date: Immediately

Corp Name: Decatur County Community Schools
School: South Decatur Elementary School

Level: Elementary

Job Description

- 1. Create and maintain individual student learning plans for identified students. Teacher will provide academic support to students utilizing a combination of push in support and pull out groups in reading and math.
- 2. Plan and facilitate follow-up support for and with colleagues via co-planning, co-teaching, modeling, and/or conferencing.
- 3. Preference will be given to applicants that can start during the second semester of 22-23, but applicants interested in starting 23-24 are encouraged to apply.

Job Requirements

- 1. Create and maintain individual student learning plans for identified students.
- 2. Effectively communicate with administrators, teachers, and parents/guardians regarding the programming and progress of the students served. Manage and use IIEP system and maintain progress monitoring.
- 3. Manage instructional assistants that will assist the teacher in providing a range of academic support for student.
- 4. All other duties as assigned by the principal.

Job Qualifications

1. Valid Indiana Teaching License. If not licensed in special education, willing to get emergency license to obtain licensure in special education.

- 2. Bachelor's Degree in education or related field.
- 3. Commitment to being a part of a team with active participation, continued professional growth and the ability to network effectively with diverse groups of stakeholders.
- 4. Preference will be given to applicants that have knowledge or training in O-G/LETRS, although district will provide support to give this training if needed.
- 5. Effective implementation of differentiated instructional strategies and approaches. Experience with Wilson Reading System and other evidence based programs preferred, although mentoring will be provided for strong applicants.
- 6. Demonstrated expertise in content curation, curriculum development, instruction, data analyses, mentoring, and professional development as demonstrated by an advanced degree, advanced training and/or career experience.
- 7. Effective use of verbal, written, and interpersonal communications skills with all stakeholders.
- 8. Effective analytical judgement and critical thinking skills.
- 9. Excellent data-driven decision making skills.
- 10. Positive attitude and growth mindset. We value teacher that are flexible, want to learn new approaches, and willing to take changes in an effort to help our students.
